

**Cavan– Fermanagh Project
School Partnership
Kilnaleck National School
and
Cornagague Primary School.**

There is a museum in Cavan. It shows how people lived long ago. There is a house with a small door it has a big open fire with turf. It had pots hanging over it for cooking. It had very small windows. There was also a thing for making milk into butter. It was called a churn and there a wheel for drying clothes. There was old football boots and jerseys. It was interesting to look around.
